KONIEC

Vysvetlivky

- ukazovanie dôb na prstoch

- dupnutie

- tlieskanie

- plieskanie o stehná pravá - ľavá

- plieskanie o ramená buď so zdvihom lakťov, alebo s následným rozpažením rúk.

- lúskanie rúk - **OBOCH**

- Plieskanie o stehná spolu

- nehráme na tele, ale máme nejaký pohyb

Na tejto piesni vieme deťom vysvetliť:

- v skladbe sa môže striedať metrum (viď. úvod)
- formu piesne
- sólo
- inštrumentálne zaznenie hlavného riffu (sloha A + B)
- rytmizáciu podľa rytmu textu
- charakter melódie piesne (ťahavá - rytmizovaná)
- sólový spev - zbor
- Rytmické dĺžky: celá, polová, štvrťová, osminová

Pieseň nacvičujeme po častiach. Začíname jednoduchými zvukmi v 4/4 metre. Dobre si všímajte formu. Jednotlivé úkony zohľadňujú charakter melódie. Čo môže byť zaujímavé je - ak máte v skupine viac ako 10 detí, môžete ich rozdeliť na dve skupiny. Postaviť oproti a keď je sólový spev - rytmizuje skupina A a keď je zborový spev - rytmizuje skupina B. Docielite tým pekný priestorový zvuk. Odporúčam nechajte si na ňu dostatok času.

Pieseň je určená pre staršie deti cca od 10 rokov.
